LOGOTYPE PROPORTIONS

Version française

Version anglaise

The DATAIA logo is set in a rectangle.
For a better reading of the logo, a protective space around the
logo must be kept.

To affirm the brand, we will mainly use these 2 colors. Blue and fuchsia, always 100%.

1 on the blue background, put the typography of the logotype in white reserve.

2 on the fuchsia background, put the typography of the logotype in white reserve and the "i" in blue.

3 if it's a back monochrome printing, in silk-screen printing, the whole logotype is in white reserve.

4 and 5 on white background, and according to the techniques of impression, the logotype can be in black 100%, or black typography 100% and symbol in black 50%.
